

WHY SHOULD WE ENGAGE?

Community Engagement Policy

- The communities in which we live and work are important to us and it is our policy to support them. We will seek to go beyond our legal obligations, to make a real and lasting contribution;
- We will focus on those areas where we can contribute most, using our knowledge and expertise, reflecting the priorities of our stakeholders;
- We will enable our employees to participate in community activities as part of development programmes, specific workplace initiatives or individual voluntary work; and
- We will also actively encourage our partners and stakeholders to join with us.

WHAT SHOULD WE DO ABOUT IT?

- Identify potential community activities 1
- Establish Action Plan 2
- Monitor and Review 3
- Report and Record activities 4
- Publicise and advertise 5
